## MUSICIAN IS POISONED

John Phillip Sousa Seriously Ill in Chicago.

## PRAIRIE CHICKEN TO BLAME

Noted Bandmaster Dined on Wild Fowl at Milwaukee and Immediately Became Ill—Believed That He Will Recover.

Chicago, Nov. 29.—John Phillip Sousa, the noted bandmaster and composer, is seriously ill at the Auditorium hotel here from the effects of ptomaine poisoning contracted in Milwaukee two days ago. He was unable to conduct the concert given by his band here, being confined to his room in the care of a physician and trained nurse.

Mr. Sousa was taken ill at Milwaukee Tuesday night after a hearty meal of prairie chicken. He attempted to lead his band in the concert that evening but after half the programme had been played he was forced to return to his hotel. Medical treatment and a long rest counteracted the first effect of the poison and when his organization left for Madison, Wis., he accompanied the musicians and again attempted to wield the baton.

His strength failed him, however, before the performance was completed and for the second time he was forced to take to bed. The band arrived in Chicago and Mr. Sousa was at once placed in the care of a physician at the Auditorium hotel. A diagnosis of the case revealed the bandmaster's condition as serious and he was forbidden to undertake his work for several days. His place was taken by Herbert L. Clark.

Sousa and his band are returning from an extended tour of the West. It is stated that the veteran musician has enjoyed the best of health on the trip and for this reason it is not thought that his present illness will prove lasting.

## VICTIMS OF FOOTBALL.

Several Injured Players Being Treated in Philadelphia Hospitals.

Philadelphia, Nov. 29.—Ray C. Van Orman, right end of the Cornell football team, is in the University of Pennsylvania hospital suffering from slight concussion of the brain received in the game with Pennsylvania.

Van Orman was rendered unconscious in a scrimmage, and after being partly revived was carried to the Cornell dressing room in the University of Pennsylvania gymnasium, where he fully recovered consciousness. Later he became worse and was removed to the hospital. Physicians at the hospital say he is improving and will soon be discharged from the institution.

Thomas P. McCutcheon, a graduate of the University of Pennsylvania and well known manufacturer of this city, dropped dead in the grandstand at Franklin field while witnessing the Pennsylvania-Cornell football game.

Three men are in a hospital here suffering from severe injuries received in a football game between Whitehall and Bridesburg, suburban teams. They are:

Walter Eckly, concussion of the brain; F. W. Swartz, dislocated shoulder and collarbone; Hugh Luchman, dislocated collarbone.

Three victims of football were treated at another hospital. These were William Folger, head cut and shoulder dislocated; Frank Dearlove, broken leg, received in the same game, and Edwin Murray, broken arm and badly sprained foot.

## FIGHTS AT FOOTBALL GAMES

Score or More of People Injured, Some of Them Seriously.

Pittsburg, Nov. 29.—Two football games in this vicinity ended in general fights, and in one a board fence was broken down, injuring a score or more of people, one of them probably fatally, and three others seriously.

On a vacant lot in Allegheny 1,000 spectators gathered for a game between the Superior and the Davis athletic clubs.

Rooters for the Superiors started a march through the field. Friends of the other side sought to halt them and a clash ensued. The struggling mass jammed into a high board fence and broke it down over their own heads. One was seriously and a number painfully hurt.

Police broke up the game just as rioting was threatened.

At McKeesport, a considerable portion of a crowd of 2,500 wrangled and fought through the first half of a game between the Duquesne and the Olympics at Cycles park.

Near the end of the game, with the score nothing to nothing, the players themselves became involved in a pitched battle over a decision and the police stopped the game. No one was seriously hurt.

## PENNSYLVANIA VICTORIOUS

Wins the Annual Football Game With Cornell.

Philadelphia, Nov. 29.—History repeated itself on Franklin field, Pennsylvania again winning the annual football game with Cornell, the score this year being 12 to 4. It was Pennsylvania's thirteenth victory in fifteen games played with the Ithacans. The game was finely played, bringing out many spectacular features, which were greatly enjoyed by the nearly 30,000 people who filled the stands. Cornell fully expected to win. The team had a good season's record, the men were trained to the hour and it was expected that Pennsylvania, which had been a little erratic this year, would not be able to withstand the aggressive work of the Cornellians. So full of confidence was Cornell that supporters turned the tide of betting in her favor.

Before the teams were on the field five minutes it was evident that Pennsylvania, barring the accidents and flukes of the game, would win. She went at Cornell hammer and tongs from the jump and all during the first half the play was close to Cornell's goal. The score of the first half, 6 to 0, does not indicate Pennsylvania's strength in that period. Twice the Quakers carried the ball over the Cornell line by hard work, only to have the touchdown disallowed because of holding.

Conditions were practically reversed in the second half, although Pennsylvania made another touchdown to a field goal by Cornell. In this half the Ithacans seemed to gain strength and several times endangered the Pennsylvania goal.

Pennsylvania's principal play was the forward pass, which she worked almost to perfection.

## NEBRASKA IS DEFEATED.

St. Louis Wins Missouri Valley Championship.

St. Louis, Nov. 29.—Swept off their feet by superior strength and a varied and well executed attack, but game until the final foot of the referee's whistle, the Nebraska university football team was defeated here by St. Louis university in the presence of nearly 20,000 spectators, by the lopsided score of 34 to 0. It was St. Louis' first game with Nebraska and was, moreover, to decide the championship of the Missouri valley, and the St. Louis team celebrated by making four touchdowns in the first half and two in the second. Acker missed two attempts to kick goals from touch-downs.

## Battled to a Tie.

Sioux City, Ia., Nov. 29.—In a spectacular game in which the forward pass was the most successful feature of both teams' play, the eleven of Morningside college and the University of South Dakota battled to a nothing to nothing tie on Boss field at Morningside.

## FIRE IN A NEW TOWN.

Property Loss at Columbus, N. D., Is Heavy.

Flaxton, N. D., Nov. 29.—Fire has destroyed the greater part of the business district of the village of Columbus, twenty miles west of this city. The flames started in the barber shop of G. H. Jarman on one side of the main street, and before they were discovered had spread so that almost the entire block was in flames.

Many narrow escapes were reported by those sleeping in the hotels and living in the second stories of the business blocks. Portions of the various stocks of merchandise were carried into the street and were saved, but the loss will foot up to over \$50,000, with about \$15,000 insurance.

Columbus is only a little over a year old and has about 700 population.

## Shrubbs Defeats Relay Team.

Fall River, Mass., Nov. 29.—Alfred Shrubbs, the world's champion professional long-distance runner, defeated an American relay team of three men here in a ten-mile race. Shrubbs covered the ten miles in 52 minutes flat 10 minutes and 30 seconds behind his record for the distance. The relay team was composed of Tom Meyers, Sam Williams and Frank Kanaly, all of Boston, who ran in that order.

## Found Guilty of Murder.

Beatrice, Neb., Nov. 29.—The jury which heard the case against R. Meade Shumway, charged with the murder of Mrs. Sarah Martin near Adams on the afternoon of Sept. 3, found the defendant guilty and recommended that the court sentence Shumway to hang.

## Three Miners Killed.

Houghton, Mich., Nov. 29.—John Verneti and Matt Ckaha, trammers, were buried beneath a fall of rock in No. 7 shaft, Hecla branch of the Calumet and Hecla mines. Both were instantly killed and their bodies were not recovered for several hours. John Chechi and Joseph Postich, miners, were buried beneath a fall of rock in No. 5 shaft, Tamarack, the latter being killed. Chechi may not recover.

## CRISIS NOW IS OVER

Such Appears to Be the Belief of Secretary Cortelyou.

## FIGURES ARE NOT GIVEN OUT

Amount of Treasury Certificates Allotted Not Officially Stated, But Is Supposed to Be About Thirty-five Million Dollars.

Washington, Nov. 29.—The announcement by Secretary Cortelyou that further subscriptions to the one-year treasury certificates would not be received is regarded here as indicating that the secretary considers the crisis in the money market to be practically over. Official figures have not yet been given out at the treasury of the amount of the certificates allotted, nor has it been stated whether further allotments would be made for subscriptions already received. The amount of the allotments made, however, is to be about \$35,000,000, and this is probably the limit unless strong reasons are presented from banks which have already made subscriptions why allotments should be made to them. All individual subscriptions having been rejected, it is anticipated that nearly the whole of the \$35,000,000 allotted will be used to secure new issues of bank notes. As these issues will be retired within less than a year they will not constitute a permanent inflation of the bank note circulation.

The effect of the new loan upon the future of the treasury resources and the money market is already receiving attention at the treasury and in banking circles. From present sources of information the amount nominally added to the cash balance of the treasury will be about \$85,000,000, of which \$50,000,000 will represent the 2 per cent Panama bonds and \$35,000,000 will represent the one-year certificates which have been allotted. This amount would increase the present nominal balance from about \$241,292,217, where it stood Wednesday, to a little more than \$325,000,000. A small additional amount will be derived from the premium on the Panama bonds, but even if this should average as high as 5 per cent it would amount to only \$2,500,000.

## Working Balance of the Treasury.

With a nominal balance, however, of more than \$325,000,000 the treasury will not have anything like that amount immediately available. This is because of deposits in national banks and other deposit items. These items amounted Wednesday to \$234,929,589, leaving an actual working balance of \$6,442,628.

The secretary has announced that 90 per cent of the payments for Panama bonds will be left in the custody of the national banks purchasing the bonds; and about 75 per cent of the payments for the one-year certificates will be left with the banks. The effect of these changes in the treasury balance sheets, upon the basis of issues of both classes of securities to the amount of \$85,000,000, will be to increase the amount in banks to about \$300,000,000 and the working balance to about \$22,000,000. The increase of \$14,000,000 in the working balance will be due to the retention in the treasury of \$5,000,000, or 10 per cent of the principal of the Panama payments, and about \$9,000,000, or 25 per cent of the principal of \$35,000,000 in treasury certificates.

This condition of the treasury finances will be changed materially in the spring if Secretary Cortelyou is able to carry out the programme of retiring a considerable portion of the one-year certificates before maturity. He will have no difficulty in doing this and saving a considerable proportion of the interest to be paid on them if the agreements made with banks to this effect can be carried out under the conditions of the money market existing in the spring. If \$20,000,000 of the certificates can then be paid off the cash balance will fall to about \$295,000,000, deposits in banks will decline by three-quarters of the amount paid off, or to \$277,500,000, and the cash balance will fall to about \$15,000,000.

## MANY CHILDREN STOLEN.

Police of Mexico City at Work on Big Kidnapping Case.

San Antonio, Tex., Nov. 29.—A special to the Express from Mexico City says:

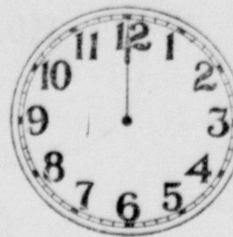

The police of this city are actively at work on one of the biggest kidnapping cases that they have ever had. Forty-nine children, twenty-two boys and twenty-seven girls, have been stolen from their homes. What is done with them or who might be taking them away and by what means is not known. The age of the children varies between two and twelve years.

## REID IS OPTIMISTIC.

Ambassador to England Talks on Financial Situation.

London, Nov. 29.—Whitelaw Reid, the American ambassador, spoke optimistically of the financial outlook, and Field Marshal Sir George Stewart White eulogized President Roosevelt in the warmest terms at the Thanksgiving dinner given by the American society here. That the financial depression was felt among the Americans in England was shown by the attendance at the banquet, which was the smallest in several years. Three hundred guests participated, compared with 400 at last year's banquet. The president of the society, Colonel Millard Hunsicker, was absent, and R. Newton Crane, a former president, presided in his stead. Ambassador Reid sat at his right at the table of honor and Mrs. Reid sat at his left. Others at this table, besides the speakers, included the Marquis and Marchioness of Tweeddale, Sir Ernest Cassel, Robert J. Wynne, the American consul general at London, and Mr. Wynne, J. J. Van Allen, Captain Sydney Cleman, military attaché of the American embassy, and Mrs. Cleman, Isaac Seligman, Richard A. Westcott, deputy American consul general; Sir Joseph and Lady Lawrence and Mr. and Mrs. Gordon Selfridge.

Mr. Reid's speech was received with great enthusiasm.

## MANY PERSONS KILLED.

Seventy-one Met Death During the Hunting Season.

Chicago, Nov. 29.—Seventy-one persons were killed, most of them by carelessness, during the hunting season of 1907, now about to close. This is slightly below the record for last year, when seventy-four persons lost their lives in pursuit of game. The number of injured this year, however, is in excess of the total of the season before, ninety hunters having been hurt this year, compared with only seventy during 1906. The number includes only the more seriously injured.

In Wisconsin, Michigan and Minnesota, where most of the accidents to hunters happen, fifty persons lost their lives this year, against thirty-five the year previous. The list of injured in these states this season also exceeds the record of 1906, the number of hunters hurt this year being sixty, against only thirty-two a year ago.

Practically all of the accidents were due to the careless handling of weapons or the victims having been mistaken for game. The new law in Michigan, which makes the killing of a hunter by mistake manslaughter, has failed to reduce the number of killings from this cause.

## TELEGRAPHIC BREVITIES.

Mrs. Louise M. Taft, mother of the secretary of war, is again seriously ill at Millbury, Mass.

The ten-round bout at New Orleans between Frank Carsey of Philadelphia and "Kid" Taylor of Chicago resulted in a draw.

Prince Jonah Kalaianole, delegate to congress from the Hawaiian islands, has arrived at San Francisco with his wife.

Abraham Hummel, formerly a well known lawyer in the criminal and divorce courts in New York city, is seriously ill on Blackwell Island, New York city prison.

John Davis, eighty-two years of age, a retired farmer, committed suicide at his home near Lockport, N. Y., with a revolver. In the room where Davis killed himself neighbors found a coffin ready for use. Davis suffered intense pain from rheumatism.

#### A Thoughtful Dog.

He didn't set himself up to be a nature fakir, but he confessed he knew a story which, if not exactly accurate, was at all events somewhat brilliant.

"This happened in the cottage of a peasant who had his quiver full of children. When the baby was put to sleep at night every one in the family was enjoined to be quiet. They were, including the dog. One night, however, the dog fancied the room wasn't as quiet as it should be. There was an old fashioned clock in the corner of the room, which ticked somewhat loudly with its ponderous pendulum. The dog, thinking that this ticking might disturb the baby, went on tiptoe and, putting his paw against the pendulum, stopped it. And that's a fact."

But even the oysters on the counter gaped with astonishment.—New York Press.

### MUSIC AND DRAMA

#### Coming Attractions

Nov. 30.—Adelaide Thurston.  
Dec. 2—Gorton's Minstrels.  
Dec. 13-14—Alice in Wonderland.  
Dec. 15—The Gingerbread Man.

Allan Doone was not greeted with the audience at the opera house Wednesday evening which he and his company deserved. The play was a strong comedy drama and was well played. Doone as Larry O'Daly, was fine and his singing was highly appreciated. The dancing of Chase Daly and Kittie O'Brien, who played the parts of Mickey Brady and Biddy Dolan, brought down the house. Miss Edna Keely portrayed the part of Norah Doyle charmingly and the rest of the company were fairly strong.

#### Adelaide Thurston

Additional interest is given to the appearance of Adelaide Thurston Saturday evening, by the fact that her sister, Miss Eva Sawyer has joined the troupe and will play the ingenue part of Clarence Thompson in "The Girl From Out Yonder." Miss Eva has manifested peculiar dramatic ability and is a valuable acquisition to her sister's company. The company appeared in Duluth last night and plays in Superior tonight. Seats are now on sale at Dunn's drug store.

#### Gorton's Famous Minstrels

Gorton's Famous Minstrels, with entirely new acts, novel features and up-to-date specialties, will appear at the Brainerd opera house, Dec. 2. Prominent among the new features, may be mentioned "The Naval Clog," a spectacular dancing novelty, produced with appropriate costumes, electrical stage effects and introducing songs, marches, and various styles of solo and eccentric clog dancing. Elaborate stage mountings and skillful execution by expert artists, render this one of the strongest of the acts ever seen in minstrelsy.

#### "AT the Unique"

The program presented at the Unique last night and which will be repeated tonight and tomorrow night is one of the very best set of films ever shown in this city. A Race for Millions is a sensational piece and is 1,200 feet long. Under the Old Apple Tree, and Raising Wind are two subjects that are laughable. Mysterious Armors is a beautifully colored film. These pictures must be seen to be appreciated.

#### Absolute Wellington.

The Duke of Wellington would be master or nothing. In Portugal the horse guards sent him an officer with whom it was expected by the government that he would constantly consult. His own words set forth the outcome of this treatment: "When I went to Portugal they gave me Sir Brent Spencer as second in command, but I came to an explanation with him. I told him I did not know what second in command meant, any more than third or fourth or fifth in command—I alone commanded the army; that the other officers commanded their divisions; that if anything happened to me the senior survivor would take command; that, in contemplation of such a possibility, I would treat him, but him in particular, as next in succession, with the most entire confidence and would leave none of my views or intentions unexplained, but that I would have no second in command in the sense of his having anything like a joint command or superintending control, and that finally and above all I would not only take but insist upon the whole and undivided responsibility of all that should happen when the army was under my command."

## It Stops Itching

#### HEALS THE SKIN.

It is because Dr. A. W. Chase's Ointment possesses in a remarkable degree the ability to stop itching and heal raw skin, that it has become known the world over as the most successful treatment for such diseases of the skin as eczema, and salt rheum.

Any one who is familiar with the life of Dr. A. W. Chase, the famous Receipt Book author, knows that few physicians ever had such an opportunity of becoming acquainted with the most effective medical treatments, and nothing that the doctor ever put his name to has been so marvellously successful as

# FOUND DYING IN POOL OF HIS OWN LIFE BLOOD

**Jerome Werdin, Agent for the Monarch Elevator Company, Kills Himself This Morning**

**NO REASON IS KNOWN FOR ACT  
Was Evidently in the Best of Spirits  
Last Night—Note Throws Out  
The Only Clue**

"I was a fool, and spent my money like a fool,  
and am killed like a fool."  
JEROME L. WERDIN."

Jerome Werdin, agent for the Monarch Elevator Co. in this city, was found weltering in a pool of his own blood in the office of the elevator company here shortly after 11 o'clock this forenoon. Beside him lay a 32 calibre revolver with two empty chambers, two empty shells and one unexploded cartridge. In his head were two bullet holes from one of which the blood was streaming, while a sickening stream of brains was trickling from the other. He was first found by Joseph Potter, a farmer living south of town, who went to the elevator to inquire the price of barley. Mr. Potter jumped into his wagon and drove to Purdy's livery and told Mr. Purdy that he thought the man at the elevator had killed himself. Together they returned to the elevator and finding him still breathing Mr. Purdy went to the Antlers hotel and called Dr. Thabes who went at once to the place.

He was breathing when found. He did not die until some fifteen or twenty minutes after he was found but was unconscious and never rallied in the least. The body was taken in charge by Coroner Gibson and removed to Clark's undertaking parlors where it now is. His parents at Eden Valley and his employers have been notified of the tragedy.

The suicide was a nervy one as the position of the empty shells in the gun was such that one of them must have been fired, then the gun snapped twice on the empty chambers and then the other shot fired. The unexploded shell showed no marks of having been hit with the trigger, but whichever shell was emptied first the gun must have been snapped at least once between the shots or he turned the cylinder with his hand after putting one bullet in his brain.

The only person who knew him well was George Hess, the barber, who had known him from infancy. Mr. Hess states that he never knew him to drink, yet there was a quart bottle of whisky nearly emptied found in his overcoat pocket. The holster of the revolver lay on the desk. Mr. Joe Hertzog, stenographer for the First National bank, who was a room mate of Mr. Werdin at the home of Mr. Hess, states that Werdin came in from the dance late in the night but he does not know just the hour as he had been asleep and was awakened by Werdin's entrance. When Hertzog rose at about half past seven this morning he awoke Werdin

and asked him if he was going to get up. Werdin said it was too early and he was tired. Later he got up and left the house without any breakfast, telling Mrs. Hess that he was not hungry. The coroner searched the office and effects of the deceased and in the overcoat pocket found the note as given above. There was no paper anywhere similar around the office, but on going to his room at Mr. Hess' residence Mr. Gibson found the tablet from which the sheet was evidently torn, with a pencil lying on the table beside it. The signature on the note was identical with his signature as written on a notice which he had to stick on the door when he was out of the office. So far as could be learned by Mr. Gibson from his correspondence with the company there were no irregularities in his accounts barring a few trivial errors which may have been caused by drink. Mr. Gibson has decided that there is no need of the expense of an inquest as there is no question as to the fact of his having killed himself.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. H. P. Dunn.

## TRIES TO END HER LIFE.

Woman Accused of Murder Attempts to Commit Suicide.

Chicago, Nov. 29.—Mrs. Dora McDonald, widow of Michael C. McDonald, and who is under indictment for the alleged murder of Webster S. Guerin, has developed symptoms of violent insanity, twice attempting to commit suicide at the home of her mother, Mrs. Martha Feldman. It was stated that Mrs. McDonald will probably be sent to an insane asylum instead of being brought into court to answer the charge of murder.

Mrs. McDonald's brother, Emil Feldman, traced fumes of escaping gas to Mrs. McDonald's room and found his sister unconscious. She was restored with difficulty and then attempted to leap from the window. Her cries attracted an immense crowd and a riot call was sent to the Thirty-fifth street police station. The crowd was dispersed and Mrs. McDonald was taken to the home of her sister in another section of the city, where she is being closely watched.

## ALICE IN WONDERLAND

Scored a Big Hit When Presented in Fargo Last Week—Will be at Opera House Dec. 13-14

The beautiful spectacular production "Alice in Wonderland" which will be presented at the opera house in this city Dec. 13th and 14th, makes a great hit everywhere it is presented. A couple of weeks ago it took Grand Forks by storm drawing three crowded houses and last week it met a similar reception at Fargo according to the following notice taken from the Call:

"The entertaining children's story, Alice in Wonderland, was given a gorgeous stage production at the Fargo opera house last night, under the auspices of the Parish Guild of Gethsemane cathedral. It was produced solely by local talent and nearly 200 young people and children were required for the cast of characters, ensembles and tableaux. As many of the children as possible were drawn from the cathedral congregation, but there were many from other circles who very kindly lent their assistance in making the productions as perfect as possible. The house was crowded to the doors and not often that such hearty rings of laughter are heard to vibrate through every part of the opera house as were heard last night. Some of the scenes and actions of the little tots, with their evidences of stage fright, produced situations which were excruciatingly funny. The appearance of four little girls and their consternations, when they beheld the sea of faces as they emerged from the wings, was a laugh producer which veteran comedians could not produce if they tried.

"Alice in Wonderland will occupy the boards again tonight and those who have not seen it should not fail to secure a seat, for rarely does one have the opportunity to see masses of young children in situations which produce button-bursting conditions in such rapid succession.

"The play is splendidly staged and the scenic properties were exceedingly attractive and in perfect accord with the story. All the characters were well maintained and not very soon will the Mother Goose features be forgotten either by the young or old—to many in the vast audience the reviving of the Mother Goose jingles brought back interesting memories.

"The finale to the first act, a carnival of nations, was very nicely done, all of the intricate evolutions and inter-marches being executed with precision and snap.

"During the progress of the second act several specialties are introduced which inspire demonstrations throughout the audience from pit to dome. For instance, it is worth the price of admission to see the reproduction of the sextette, the great hit which made Floradora famous. It was so well burlesqued that there were recalls and recalls and each appearance was better than the one before, for the simple reason that the participants had lost stage fright and were fully possessed with confidence—but, if only the plumes had been there.

"The Freddie girls, too, must be seen to be appreciated; they are pretty as pictures and just as chick and jaunty as many seen even in some high-class musical comedy productions. They brought down the house and after several recalls there were still demands for more—the soloist was tantalizing to exasperation. The Moon-eyed Maidens and Any Time at All girls and boys were features highly pleasing and plunged all parts of the house into paroxysms of laughter.

"The production deserves the patronage of the people and it is almost certain to attract another big house tonight."

## ARE FEELING SORE

Foot Ball Players Return From Staples in That Condition Both of Mind and of Body

The North Star foot ball team was beaten at Staples Thanksgiving by a score of 12 to 0. The boys are very indignant over the treatment they received. They made one touch down, which was not allowed, and were penalized on some excuse or other every time they got near the goal line by the referee who was a Staples man. The Staples team was reinforced by Fargo and Minneapolis sluggers and went in to make good their threat here to win if they had to play with shot guns.

Henry E. Jones, of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney remedy.—H. P. Dunn.

## One Killed and Ten Injured.

Fort Worth, Tex., Nov. 29.—Crowded with holiday seekers, an electric car on the Polytechnic college line left the rails on a sharp curve in South Fort Worth and tumbled down a twenty-foot embankment. Charles S. Gibson, a passenger, was killed and ten others were injured, none seriously.

Her time and fingerings are very defective, and all I can do to correct them makes no impression on her. She will run the scales to suit herself. Guardian—She inherited that from her father. He was twenty years in the coal business.—London Graphic.

## Roulette Wheels.

There are no "crooked roulette wheels" in practical use and for two reasons:

First.—They can't be made.  
Second.—There is no need of them. The man who can get other men in any considerable numbers to play their money at his roulette wheel doesn't need any meretricious ace in the hole. He can't lose, and he knows it.—Chicago Inter Ocean.

## UGLY WOMEN.

## A Disgrace to Themselves.

We make this statement because in this wonderful 20th century care and attention to the toilet places comparative beauty within reach of every intelligent woman.

What makes women appear ugly—not the features surely—no, for a woman with very ordinary features can still be beautiful if her skin is good and her hair luxuriant and well groomed.

How can you have beautiful skin and hair? The valuable little book, fully illustrated, "How to be Beautiful," answers the question and this book will be given you free if you will call at the Toilet Goods Department of

## THANKSGIVING FESTIVITIES

Eagles Entertained Their Friends Sumptuously on Thanksgiving Eve

## HOSE CO. BALL A SUCCESS

Gardner Hall Crowded to Listen to Concert by Dode Fisk's Orchestra

The festivities of Thanksgiving day passed off very pleasantly in Brainerd this year. The Eagles opened the ball, so to speak, on Wednesday evening. About three hundred Eagles and their friends gathered in their hall and several hours was spent in games and dancing to music furnished by Bislar's orchestra. Refreshments were also served, the catering being done by James Smith, of the City Hotel. A very pleasant time was had by all who were present.

The concert given by Dode Fisk's orchestra at Gardner hall, followed by the grand ball, both under the auspices of Hope Hose Company, were well attended. This well known orchestra was at its best and the hall was well filled. Everyone present enjoyed themselves hugely and the fire ladders added a snug amount to their treasury.

## AS OTHERS THINK

Everyone in Brainerd Has a Right to His Own Opinion

While everyone has a right to his own opinion, yet it is wise to always consider what others think and profit by their experience.

Nothing makes life so miserable, or interferes so widely with the usefulness of the average American, as indigestion, a d it is well for us to give fair consideration to what others think about this remarkable affliction.

H. P. Dunn is positive that in Miona stomach tablets he has an absolute cure for indigestion and the many disagreeable symptoms that follow this disease, such as distress after eating, coated tongue, bad taste in the mouth, dizziness, flatulence, nervousness, and debility.

His action in selling Mi-o-na on a guarantee to refund the money unless it cures, shows plainly his belief in the value of this remedy, he takes all the risk, and there will be no change whatever for Mi-o-na unless you are satisfied that it has relieved you of indigestion.

## DO NOT KNOW WHAT CAUSES SICKNESS

Modern People Have Many Names for Same  
Diseases, According to New Belief.

Does human health depend on one organ alone? This question is becoming widely discussed since L. T. Cooper first advanced his theory that the stomach is the true seat of life and all health dependent upon it.

Mr. Cooper, who has met with remarkable success in the sale of his new medicine, believes that the stomach is responsible for most sickness, and that this organ is weak in the present generation. While discussing this theory recently, he said: "I am asked time and again to tell why my medicine has made such a record wherever I have introduced it. My answer always is, 'because it restores the stomach to a normal condition.' No one will deny that today there are more half-sick men and women than ever before. Nothing critical seems to be the matter with them. They are just half-sick most of the time. They don't know really what is the matter with them. I have talked with thousands during the past two years, and few knew indeed what their trouble was. One said nervousness, another said kidney trouble, another liver complaint, some constipation, or heart trouble, or lung trouble. Many had treated, as they called it, for most of these diseases at different times. A very common complaint is 'all run down,' or 'tired all the time,' or 'no appetite.'"

"I know positively that every bit of this chronic ill health is caused by stomach trouble, and nothing else. My New Discovery puts the stomach in sound condition in about six weeks. Mighty few people can be sick with a

sound digestion. That is why my medicine is selling at such a tremendous rate. I have convinced many thousands of people that these things are so, and the number is growing by leaps and bounds."

Among more recent converts to Mr. Cooper's beliefs is Mr. Edgar L. Hinds, living at 6 Tappan Street, Everett, Mass. Mr. Hinds has this to say on the subject:

"I have suffered with stomach trouble for eight years. I was not sick enough to be in bed, but just felt bad all the time. My greatest trouble was that I always felt tired, would get up in the morning feeling as tired as when I went to bed."

"I had a very irregular appetite, and was troubled with dizzy spells. If I stood for any length of time, I would have a dull pain in the lower part of my back. I was nervous and felt all the time as though something terrible was going to happen. I tried many kinds of medicine, but nothing ever helped me."

"I had about given up all hope of ever being in good health again, when I heard so much of Cooper and decided to try his medicine. I took one bottle of his New Discovery and was greatly surprised at the result. I gained 12 pounds in a few weeks. I can now eat anything I wish, and feel like a new man. I cheerfully recommend this medicine to all sufferers from stomach trouble."

It is worth anyone's time, who is not enjoying good health, to learn of Mr. Cooper's wonderful preparations. We are selling them in large quantities.—M. P. Dunn & Co.

Roosevelt in Vermont.

Washington, Nov. 29.—President Roosevelt spent Thanksgiving day at the old home of President Madison, near Montpelier, Vt. This trip was taken in variation of the custom of the president, which has been to go to his country home at Pine Knot, Va., on Thanksgiving day. With him were Mrs. Roosevelt, Mr. and Mrs. Longworth, Ethel and Quentin Roosevelt.

Wisconsin Man Fatally Wounded.

Superior, Wis., Nov. 29.—Albert Neumann, a driver of a brewery wagon, was mortally wounded as the result of a shooting scrape between two colored men in a resort here. Neumann went into the place to deliver a case of beer, and while he was there the shooting occurred, with the result that he was hit in the back and may die. William Winlock and William Harris, two Milwaukee negroes, were the principals. Neumann identified Winlock as the man who shot him.

MALT HOUSES BURNED.

Fire at Chicago Causes Heavy Loss to Property.

Chicago, Nov. 29.—The Tosetti Brewing company and the Mullen Brewing company each suffered a loss estimated at \$100,000 in a fire that destroyed the malt houses of both plants. The establishments are located within a block of each other at Fortieth and Butler and Fortieth and Wallace streets. The fire is thought to have originated in the Mullen plant from sparks from a passing locomotive, and was communicated to the Tosetti establishment through the lighting of gas which escaped from storage tanks in the latter's malt house.

## BEATS JACK SULLIVAN

Al Kaufman Wins a Twenty-five Round Fight.

SHOWING A DISAPPOINTMENT

Spectators Convinced That the Californian Lacks the Championship Form With Which He Has Been Credited.

Colma, Cal., Nov. 29.—Al Kaufman of this city was awarded the decision over Jack (Twin) Sullivan at the end of twenty-five rounds. The decision was clear cut.

The fight up to the tenth round was practically an even affair. After that, however, Kaufman forged to the front and was never in danger again. Sullivan did his best work in the early rounds and for a time it looked as though he might win. It was a give and take affair up to the tenth, with Sullivan having the better of it. In the sixteenth Kaufman cut loose. He forced Sullivan from one end of the ring to the other, landing almost at will with lefts and rights to the jaw. He tried to put Sullivan out, and in time weakened himself and so showed that he lacked that one requisite—a knockout punch. From this time on, one round was a repetition of another. Sullivan showed great gameness throughout the balance of the fight. In almost every one of the following rounds it seemed certain that he must go to the mat from the gruelling shower of right and left swings to the jaw, but he always came to the scratch, although apparently in great distress. He stalled Kaufman to save himself from punishment. Kaufman thereafter devoted his attacks to Sullivan's stomach and during the last few rounds put in several vicious punches, any one of which seemed powerful enough to put out any ordinary man.

The fight, insofar as Kaufman was concerned, was a disappointment to the spectators, inasmuch as it developed the fact that the Californian does not by far display the championship form with which he has been credited.

PURSUED BY HUSBAND.

Minneapolis Woman Leaps From a Balcony and Is Fatally Hurt.

—Minneapolis, Nov. 29.—Mrs. Anna M. Begin is reported to be dying at Asbury hospital from injuries suffered when she jumped from a second-story balcony at her home while being pursued by her husband.

Mrs. Begin was released from Stillwater three months ago, where she had been serving a sentence for "baby farming." During her imprisonment six of her seven children were sent to the Owatonna school, as it had been alleged that the husband had not taken proper care of them. The couple quarrelled and it is said that the husband threatened the wife with an ax. Mrs. Begin ran in to the street to escape violence at his hands.

Neighbors interfered and after the husband had been pacified Mrs. Begin returned to the house. The quarrel was renewed and the wife ran onto the second-story balcony of the house and jumped to the ground. She was fatally injured by the fall.

The police arrested William Begin, the husband, who says that when he went home he found the doors locked and he forced his way into his house.

IOWA STUDENT KILLED.

Was on His Way to Dine With His Fiancee.

Davenport, Ia., Nov. 29.—The body of Irvin Robinson of Blue Grass, Ia., a senior of the Iowa State college at Ames, was found beside the railroad track. He disappeared after leaving the college to spend the Thanksgiving vacation with his fiancée, Katherine Carlin, who lives near Davenport, and when he failed to arrive in time for dinner a search was instituted for him. Robinson had evidently been killed by jumping from the train as it passed the Carlin home. The corpse laid along side the track all day. The young man would have graduated from the state college in February and was to have been married to Miss Carlin soon afterwards.

SENSATIONAL KIDNAPPING.

Cousin of the King of Italy Seized and Tortured.

Naples, Nov. 29.—A dramatic and sensational kidnapping has occurred here, the victim being Marquis Giuseppe Cito, a member of the most ancient aristocracy and a cousin and aide of the king. The marquis was seized and carried off to a grotto, where he was tortured and a letter was sent to the marchioness demanding \$500, which was extorted from him. He was found half frozen and badly injured and his condition is considered desperate.

Endurance Contest.

Kankakee, Ill., Nov. 29.—Six men carrying 100 pound sacks of sand on their shoulders covered ten miles in an endurance contest here. William Neuman, Jr., who was in the lead when the contest was called, covered the ten miles in 1 hour and 45 minutes. Of forty-eight starters, seventeen dropped out at the end of the first mile and at the end of the fifth mile only thirteen were left in the race.

IN FIGHT ON SUNDAY SALOON

Chicago Crusaders Invoke Aid of Police of Other Cities.

Chicago, Nov. 29.—The Chicago Law and Order League has invoked the aid of police officials in nineteen of the larger cities of the United States for its campaign against the Sunday saloon. Telegrams were sent to the officials asking whether Sunday closing is enforced in their communities and five answers have already been received. The others are expected to reply soon. It is planned to use these replies at a big mass meeting, which has been arranged in the interests of the Sunday closing movement.

The messages will be thrown upon a huge screen by a stereopticon machine as object lessons to Chicago citizens and officials.

Replies were received from the police officials of Baltimore, Philadelphia, Omaha, Seattle and Atlanta. Messages were also sent to New York, Denver, San Francisco, Detroit, Cleveland, Boston, Pittsburgh, Cincinnati, Los Angeles, Indianapolis, Louisville, St. Paul, St. Louis and Minneapolis. The mayor of Toronto, Can., was also asked about conditions in his city.

MINISTER IS A HERO.

Risks His Life to Save That of One of His Parishoners.

New York, Nov. 29.—Announcement of a bit of fine heroism and fortitude on the part of the Rev. Dr. John Lewis Clark of Brooklyn, who married William Ellis Corey and Mabelle Gilman last summer, has been made.

To save the life of one of his parishoners, Mrs. Julia Ladson, he permitted one of his small arteries to be opened last Wednesday so that his blood could surge into hers while her right leg was amputated in the Bushwick hospital in Brooklyn.

Mrs. Ladson was suffering from blood poisoning and Dr. Clark was warned that if the smallest drop of her blood passed into his system it might prove fatal to him, but he took the risk.

The operation was successful and Dr. Clark was informed that his sacrifice had not been in vain and that Mrs. Ladson would live.

Powers Jury Completed.

Georgetown, Ky., Nov. 29.—For the first time perhaps in the history of this town the circuit court held a session on Thanksgiving day, and the jury to try Caleb Powers was completed. There are eight Democrats and four Republicans on the jury. Witnesses for the commonwealth were called and attachments issued for those who did not answer.

Dies to Avoid Asylum.

Appleton, Wis., Nov. 29.—Rather than go to an asylum for the insane, Joseph Meisen, realizing that he was mentally afflicted, blew off his head by discharging both barrels of a shotgun.

Teacher in Infant School—I want every pupil who has never told a lie to hold up his hand.

There was a doubtful pause. Two or three hands were raised. Then a little voice piped out:

"Teacher, is it a lie if nobody finds it out?"

## TO THE LADIES

You Are as  
Young As  
You Look

When She Commenced the Burnham Treatment.

As She Looks To-day. After a Course Treatment

A GREAT many of our leading ladies throughout the United States have lost their beauty through neglect. Any woman can maintain her youth and improve her Beauty—by the use of E. BURNHAM'S CELEBRATED TOILET REQUISITES. These preparations have been on the market upwards of thirty-seven years; have been used in their famous establishments at 70 and 72 State Street, Chicago, during this time. They have improved them until absolute perfection has been attained, and it is the fault of any woman to-day if she does not take advantage of these treatments which are offered to her by E. BURNHAM, the most perfect and largest beautifying establishment in the world. These treatments with the different articles, are illustrated and explained in a little booklet published by E. BURNHAM, which makes it so plain that any lady can use these toilet articles with equally good success in the privacy of her own home as if she had visited Burnham's Beautifying Parlors and taken a course of treatments in this great establishment. Scientists and those who have used them will tell you that it is a well-known fact that E. Burnham's toilet requisites will accomplish all they claim for them.

Chicago, March 27, 1907.

E. Burnham, Chicago, Ill.

Dear Sir—I desire to fulfill my promise to you, which was made last October, namely, that if you would improve my complexion by removing crow's-feet, wrinkles and discolored complexion, I would give you my photograph and testimonial. The enclosed picture, which was taken last fall, shows my condition at that time. The enclosed picture, taken February 25th, shows my condition at the present time. I desire to state that you have not only removed the wrinkles and crow's-feet, but have put my skin in a first-class youthful condition, of which I am very proud. The fact is that my complexion is the envy of my friends and I cannot say to much for your course of treatment for beautifying women. You certainly do all you claim and your remedies are perfection. I recommend them to my friends.

Trusting this letter will fulfill my promise to you and be all that you require, I remain,

Yours very truly,

Mrs. Thelma Orr

Hotel Wychmere, 18th and Indiana Ave.
